 Delhi govt/mcd /ndmc/central govt/dghs/esi/railway/ayush/defence/autonomous body/ pvt nursing home/ pvt hospital/ any other.

### *IDD CELL, NIDDCP (Delhi)*

National iodine deficiency disorder control programme is centrally sponsored national programme being implemented since 1962 with the objective of reducing & preventing iodine disorder control programme.

➤ Objectives:-

1. Surveys to assess the magnitude of the iodine deficiency disorders.
2. Supply of iodated salt in place of common salt
3. Resurvey after every 5 years to assess the extent of iodine deficiency disorders and the impact of iodated salt
4. laboratory monitoring of iodated salt and urinary iodine excretion
5. Health education & publicity.

➤ Goal:-

To decrease overall IDD prevalence (goiter) to <5% in the school children age 6-12 years.

The implementation of NIDDCP in NCT Of Delhi is being coordinated through the state IDD cell which has been established. The programme is being implemented as a vertical centralized activity from the state IDD cell located at GTB hospital. The components of NIDDCP implementation include :-

1. To promote awareness of Iodine deficiency disorder( IDD )and benefits of iodized salt intake.
2. To assess the IDD magnitude of various districts of Delhi.
3. To monitor adequacy of iodization of salt and adequacy of iodine sufficiency
